## March Safety Tips

### 1. Watch for Wet Roads & Potholes

March often brings heavy rain and freeze-thaw damage. Slow down on wet roads to avoid hydroplaning, and keep an eye out for potholes that can cause tire damage or loss of control.

### 2. Use Headlights in Rain

Spring showers can reduce visibility quickly. Turn on your headlights (not just daytime running lights) whenever it's raining so other drivers can see you.

### 3. Stay Alert for Pedestrians & Cyclists

Warmer weather means more people walking, jogging, and biking. Be extra cautious in neighborhoods and near schools, and always check blind spots before turning.

## Furry Friend in the Office

Our furry friend **Louie** has been in the office recently! We love having him around!

## Tip of the Month...

**Attend All Legal Appointments: Make sure to attend all scheduled appointments with your lawyer and any legal proceedings.**

"Believe you can and you're  
halfway there." – Theodore  
Roosevelt
